Access 2.5 Software Update for HDS Gen2 Touch
**NOW SHIPPING! SpotlightScan Sonar and SonarHub Sounder**

With the Version 2.5 Software Update, the following products have been released for shipping and are compatible with HDS Gen2 Touch and HDS Gen2*:

**SpotlightScan™ Sonar**
NEW SpotlightScan Sonar delivers a new level of angler-controlled, surround-scan views to provide picture-like images of key fishing areas on your HDS Gen2* or HDS Gen2 Touch fishfinder/chartplotter display.

**SonarHub™ Sounder Module**
NEW compact SonarHub™ module provides an all-in-one solution for adding best-in-class StructureScan® HD and CHIRP sonar capabilities to compatible Lowrance fishfinder/chartplotter displays.

*HDS Gen2 (non Touch) models require the SonarHub™ module for compatibility with the SpotlightScan™ Sonar transducer.
