McMurdo extends $75 rebate on Smartfind EPIRBs

A popular $75 rebate on US, Canadian and Latin American purchases of a McMurdo Smartfind series EPIRB (Emergency Position Indicating Radio Beacon) has been extended through October 31, 2013.

The rebate applies to purchases of the McMurdo model 10-82-800-001A Smartfind Plus G5 GPS EPIRB (manual), the 10-82-800-002A Smartfind Plus G5 GPS EPIRB (automatic), the 10-82-800-003A Smartfind E5 406 EPIRB (manual) and the 10-82-800-004A Smartfind E5 406 EPIRB (automatic). The Smartfind Plus G5 GPS EPIRB is shown at right. MSRP for the range starts at US $449.00.

Information on claiming the rebate is available from Survitec Survival Products, the US distributor of McMurdo products, at www.survitec-spi.com/promos/summer-fall-2013-mcmurdo-epirb-rebate.

McMurdo Smartfind EPIRBs are the most compact, technically advanced and robust units to date. Non-hazardous batteries make shipment quick and easy ensuring that vessels are not unduly delayed, no matter where they may be, when a replacement unit is required. Smartfind EPIRBs are available in a manual bracket or a SOLAS approved automatic housing.
