

Discounts on Diagnostic Specialty Tools & Books

This exciting member benefit allows current NMEA members who have a currently certified NMEA installer certifications (MEI, NMEA 2000, AMEI, Advanced NMEA 2000, CMET/NMET) to take advantage of a great offer to purchase specialty installation and NMEA 2000 diagnostic tools at up to 50% off retail. The goal is to get more of these specialty tools in the hands of NMEA certified installers so they can perform their jobs at a higher level. There are also technical marine electronics books available. NMEA will subsidize the cost by offering up to 50% off retail for current NMEA members with current NMEA certifications, as some of these tools are a significant investment.

Rules and Restrictions

- This offering is only available to **NMEA members with current installer certifications**
- Member companies are limited to one tool per order (up to a total of all tools listed below)
- One(1) of each item can be purchased per valid credentialed individual (company or student(s))
- One(1) of each item can be purchased per three-year credential cycle
- Past NMEA Members and installers with expired certifications are still eligible for this offer if annual membership is renewed and installer certifications are renewed.
- Prices subject to change without notice based on price & availability of manufacturer
- The purchase of these diagnostic tools must be arranged through NMEA directly.
- International shipping charges will be added to order (if applicable)
